

K NC2EQ series **NEW**

Technical data

Frequency range	902.5~927.5 MHz
Modulation method	2 GFSK
Typical operating range	100M
Control system	PLL
Antenna impedance	50Ω
Typical response time for Stop command and commands	50mS~100mS
Power supply	AA Ni-MH 1.2V x2
Antenna	Internal
Average power consumption	36mA@DC2.4V(default setting)
Radio-frequency power	≤25mW (default setting)
Operating and storage temperature	(-20°C)~(+85°C)
Protection degree	IP65
Dimensions	193x57x51mm
Weight (including battery)	approx.325g
Housing materia	PA6(30% GF)

RATING

**Class I&II&III Division 2
 Groups A, B, C, D, E, F, G**
